

FRAMEWORK for businesses

Registering as a business **Framework** user provides you with:

- Access to a current database of higher education students seeking work based learning opportunities with reputable companies across Europe.
- The opportunity to supply placement details so students come to you fully prepared.
- The knowledge that students on the database will have undertaken significant placement preparation activities.
- In-house staff development opportunities through an e-learning mentoring programme.
- The opportunity for your staff to gain academic accreditation with an international professional awarding body.
- To enhance your reputation with you placement partners.
- Marketing potential.

Getting Registered

You can only become a business **Framework** user if you are associated with an educational institution which is a registered **Framework** user.

When you register, your details are automatically passed on to a designated administrator with your associated college, who will be required to approve your registration. When the college administrator has confirmed your approval with us, you will be registered as a business **Framework** user.

When registering you will be required to confirm that you agree to abide by the "Code of Conduct" detailed on the form.
