

FRAMEWORK for students

Registering as a student **Framework** user provides you with:

- Access to a current database of placement opportunities with reputable companies across Europe.
- User friendly e-learning packages to prepare you for your placement.
- The potential to be assessed through the use of an online digital assessment tool.
- A support structure to help you through your placement.
- The opportunity to gain accreditation for your placement period with an international awarding body.

Getting Registered

You can only become a student **Framework** user if your educational institution is a registered **Framework** user.

When you register, your details are automatically passed on to a college designated administrator who will be required to approve your registration. When the college administrator has confirmed your approval you will be registered as a student **Framework** user.

When registering you will be required to confirm that you agree to abide by the "Code of Conduct" detailed on the form.
